Madame la Présidente
de la Conférence Régionale des Universités
du Centre

Objet : A/S Offre de formation.

P.J: Une (01) page.

J'ai l'honneur de vous informer que l'Association Chinoise du développement et de la recherche sur les ressources minérales océaniques (COMRA) et le Ministère Sud-coréen des Océans et de la Pêche organisent, au profit des pays en développement, des programmes de formation couvrant des thématiques de la géo-océanographie, la biologie, l'environnement, la géologie et la géophysique.

Pour plus ample information concernant le contenu de ces formations et les modalités de candidatures, veuillez consulter les sites web indiqués sur le communiqué ci-joint.

A ce sujet, je vous saurais gré des dispositions que vous voudrez bien prendre en vue d'assurer une large diffusion auprès des établissements universitaires de la région Centre.

Cordialement

عن الوزير ويشهويض مشه

INTERNATIONAL SEABED AUTHORITY

PRESS RELEASE

ISBA/2017/PR/006

OPEN FOR APPLICATIONS: Contractor Training Programmes

JAMAICA, Kingston (2 March 2017) - - China Ocean Mineral Resources Research and Development Association (COMRA) and the Ministry of Oceans and Fisheries (MOF), Republic of Korea are offering training opportunities to candidates from developing States, in accordance with their respective exploration contracts for cobalt-rich ferromanganese crusts and polymetallic sulphides, with the International Seabed Authority.

1. China Ocean Mineral Resources Research and Development Association

COMRA is offering three (3) training places to candidates of developing States in accordance with its contract for cobalt-rich ferromanganese crusts exploration with the Authority.

The training will take place at Sun Yat-sen University in Guangzhou city, Guangdong province for a duration of three months scheduled to commence in September 2017. It will be conducted by the Guangzhou Bureau of Marine Geological Survey.

Candidates for this training programme will receive comprehensive training in the fields of geo-oceanography, biology and environment.

For more information on this training opportunity, please visit the ISA website at <http://bit.ly/2mX7kXK>.

2. Ministry of Oceans and Fisheries (MOF), Republic of Korea (ROK)

MOF-ROK is offering two (2) at-sea training places for candidates from developing States, in the fields of Geology and Geophysics. The cruise will be organized by the Korea Institute of Ocean Science and Technology (KIOST) and is planned between June and August, 2017, for about 30 days.

The survey will focus on geological sampling and high-resolution topographic mapping using a deep-tow side scan sonar system.

For more information on this at-sea training opportunity, please visit the ISA website at <http://bit.ly/2mOcsQT>
